

Lincoln High School
eParent Acceptable Use Policy

Lincoln High School has set up eParent as a means to allow parents to view some of their own student's school records via the Internet, as well as other information beneficial to the learning of students. In return for the privilege of accessing the site, every parent is expected to act in a responsible, ethical, and legal manner. eParent is available to the primary custodial parent/caregiver of a student enrolled at Lincoln High School.

Parents are required to agree to the following guidelines:

1. Parents will not share their password with anyone.
2. Parents will not attempt to harm or destroy data of their own children, another user, the school or the Internet.
3. Parents will not use eParent for any illegal activity, including violation of data privacy laws. (Material from the Lincoln High School intranet may not be published elsewhere without permission.)
4. Parents will not access data or any account owned by another parent.
5. Parents who identify a security problem with eParent must notify Lincoln High School immediately, without demonstrating the problem to anyone else.

Note: Lincoln High School reserves the right to withhold access to eParent in exceptional circumstances.

A user ID and password have been created for each student at Lincoln High School to enable parents to access eParent. Parents can pick up the login information and instructions in person at the school by bringing this completed form to the school office. Alternatively, the login information can be posted out once this form is returned to the office. Please tick this box if you want the information posted.

Your password can be changed using the link on the front page of the eParent site. If your password is forgotten please contact the school.
