| <b>How was the funding used?</b>                        | The funding was used to support struggling learners in year 11-13 to work in our flexible learning space where teachers set individualised programmes of work. The money was used to provide staffing to this space. |
| <b>What were the outcomes resulting from funding?</b>   | Students who are able to work in this space experienced an increase in both their esteem around ability to learn but also had an increase in their success rates with NCEA.                                          |
| <b>Issues, concerns, highlights, and other comments</b> | This is a very successful support for students that we are able to run because of the year 11+ funding.                                                                                                              |
